LEB, PALS PIONEER VIRTUAL TRAINING FOR LAW STUDENTS

The Legal Education Board (LEB), with the Philippine Association of Law Schools (PALS) and the Association of Law Students of the Philippines (ALSP), conducted a series of online learning webinars for law students last July 30 and August 1, 2020 via Zoom.

The webinar series with the theme Online Learning Survival Guide for Law Students addressed the concerns of law students in the abrupt transition to the online learning environment in the time of the COVID-19 pandemic.

Approximately 1.300 law students from law schools nationwide attended the webinar series. The participants commended the conduct of the webinar as useful and engaging with topics that were clear, organized, and comprehensive.

ALSP President John Michael Suelo expressed his gratitude to the Legal Education Board for the timely initiative of reaching out to the students, understanding their needs, and responding appropriately. "It's very inspiring to see passionate law students who are so willing and determined to learn. Our hard work and determination will soon pay off. I believe this is just the beginning of more partnerships and we will continue to work hand in hand for the welfare of the law students of the country. Together, we will all survive." Suelo added.
